Even if we are back to work in May, I can't imagine people coming together getting back face to face for a meeting. As much as I don't want to think this way, we should plan on virtual.

Hello Alex,

We are working on the FRN for the PERC peer review meeting scheduled for May 26-29, 2020. Please let me know if you would like us to plan for an all virtual or an in-person meeting.

Thank you,
Hayley

Per Alex and OPA – asbestos needs to be virtual only. Let's wait to decide on logistics for the Perc meeting until later in April.

Thanks Allison.

Per OPA's guidance below, we will use the language we used for the TCE all virtual meeting for an all virtual asbestos meeting.

Please keep us posted on any updates.

Best,
Hayley

I would say make them virtual until at least June. And if that changes, then you can update. CDC said 8 weeks for no more than 50 people...June gives us 10.

Subject: Announcing next two TSCA SACC Meetings

Hi all,

As our know, we are planning to hold our virtual-only SACC meeting on the TCE draft risk evaluation next week. We will provide you with the list of registered media a day or two before the meeting (reporters may include Elizabeth Shogren, Pat Rizzuto, etc.) . Alex will give opening remarks.

I wanted to coordinate with you on when/how we communicate our next set on SACC meetings:
4/28-4/30 Draft Risk Eval on Asbestos
5/27-5/28- Draft Risk Eval on Perchlorate

We will need to publically communicate very soon the date and location for the April SACC meeting on Asbestos (NLT the 4/26) via a FRN, our website, and a listserv. We are planning for this to be a face to face meeting however, with your approval, we want to acknowledge that in light of COVID-19 we may need to go virtual. (like we did for our TCE meeting next week). Does the agency have any suggested messaging we should use in our FRN and other communications for communicating that we may need to modify our in-person meeting plans in light of COVID-19? We will share our draft listserv announcing this meeting with you all too prior to issuing as well.
